## Summer Update from First Selectman Beth Heller

As we head into the summer months, I'd like to remind everyone about our wonderful *Summer Concerts on the Green* series which will take place every Tuesday evening from 6-8 pm, from July 3 through August 14 this year. In addition, we will have two *Tuesday Movie Nights* on August 21 and 28. These are always delightful events and a nice way to unwind and relax, visit with neighbors and friends, and enjoy the summer breeze. I hope to see you there!

### Update on the work of the Board of Selectmen

At our June meeting, the Board of Selectmen continued consideration of a location for a Dog Park, received some preliminary information regarding a Solar Array option for the former-Country Club property, and heard a brief project update from the Connecticut Economic Resource Center which is conducting a Fiscal Health Analysis for Woodbridge expected later this summer.

Additional information and background documents on these topics are now available on the Town website on a new page we have created to further help improve communication. If you would like to learn more, I encourage you to

review this new resource by visiting:

[woodbridgect.org/496/Current-Issues-Projects](http://woodbridgect.org/496/Current-Issues-Projects)

We will keep this page updated with new information as the Board continues its work on these and other topics in the months ahead. Please stay tuned!

### Donation to Animal Shelter Renovation

The Town's Animal Shelter Building Committee recently accepted a \$100,000 donation from local charity One Big Dog Animal Respite Fund. I am so grateful for this generous contribution, which makes possible the start of our long planned renovation to the Animal Shelter. Donations are still needed to help fund the next phase of the project, and should be made directly to One Big Dog, a 501c3 organization that maintains a dedicated fund for the Shelter renovation project (to contribute, please send your tax-deductible donation by check to 135 Bradley Road, Woodbridge CT 06525).

Wishing everyone a safe and wonderful summer.

As always, my door at Town Hall remains open. Please feel free to visit or call me with any questions or concerns you may have, or just to say "hello."  
— Beth Heller

## Police Department Reminds Community to Lock Vehicles

In the past three months, the Woodbridge Police Dept. reports an increase of stolen vehicles in Woodbridge. In addition, vehicles have been rummaged through, resulting in items being stolen from within these vehicles.

Almost all incidents involved vehicles that were left unlocked and were not physically "broken into." These activities have been spread throughout the entire Town, are not isolated to a specific area, and have mostly taken place during the overnight and early morning hours.

Woodbridge Police Chief Frank Cappiello, after meeting with the South Central Chiefs of Police, notes that our neighboring communities are reporting similar experiences. In response, Woodbridge Police patrol deployments have been both redirected and increased. Chief Cappiello states "Local law enforcement agencies are

constantly sharing information and we continue to collaborate in our attempt to combat the problem." Steps Woodbridge residents can take to help:

- Lock your cars and garages at all times
- Do not leave spare keys in your vehicle, or valuables in plain view
- Immediately report suspicious activity to the Police by calling 203-387-2511 (non-emergency number)

In addition, Chief Cappiello asks that community members who would like to be involved at the neighborhood level become "the added eyes and ears of the community" by getting to know your neighbors, and reporting any suspicious persons, vehicles, or activity. Please contact the Police

Dept. at the non-emergency number or Chief Cappiello by email ([fcappiello@woodbridgePD.com](mailto:fcappiello@woodbridgePD.com)), with any questions, or to share your concerns.

## Fire Department - Home Improvement Tips

Oil-based paints, stains, and varnishes are often used for home improvement projects. It is common to use rags to wipe up spills or clean brushes. Wet rags can ignite on their own. They can start a fire if not handled carefully.

**How can rags start a fire?** Oils commonly used in oil-based paints and stains release heat as they dry. If the heat is not released in the air, it builds up and is trapped which results in fire. Be aware this does not happen with water-based finishes.

Safety tips to follow:

- Never leave cleaning rags in a pile.
- Take the rags outside to either hang dry or spread them on the ground, never in a pile, to dry. Weigh them down so they do not blow away and be sure they are kept away from buildings.
- Put dried rags in a metal container ensuring the cover is tight. Fill the container with a water and detergent solution to break down the oils.
- Keep containers of oily rags in a cool place. Never place the container in direct sunlight or near other heat sources.

Stay fire safe this summer. For more information and safety tips, please visit [WoodbridgeFire.com](http://WoodbridgeFire.com) and follow us at [Facebook.com/WoodbridgeFire](https://www.facebook.com/WoodbridgeFire).
