

November Planning and Updates

As the weather starts to turn chilly and we head into our annual budget planning season, the Selectmen are focusing on several initiatives now underway or contemplated. Below is some basic information and updates on each – as always, additional details are available at the Town Website:

WoodbridgeCT.org

Old Firehouse Project

At our October 10 meeting, we discussed the budget and the Amity School District’s Transition Academy program. We requested further information regarding the potential bonding of the project.

Farmland Preservation

The Selectmen voted to authorize me to sign a cooperative letter of agreement to become pre-qualified for grant applications through the Community Farms Preservation Program (CFPP). This is an important first step in working toward any future initiative for the acquisition and ownership of development rights easements to maintain agricultural land for farming purposes in our Town.

Former Country Club Property

The Selectmen also received a new proposal for the former-Country Club of Woodbridge property from Robert Sachs, the developer of Fieldstone Village in Orange. Should it be the Board’s desire to move this proposal forward, I will keep the public informed of any next steps.

Sustainable CT Program

We received word that the Town of Woodbridge has earned Bronze certification in the Sustainable CT program! This is a statewide initiative meant to inspire and support communities in becoming efficient, resilient and inclusive. Of Connecticut’s 169 municipalities, twenty-two met high standards in a broad range of sustainability accomplishments to qualify for certification, and I am proud to say that Woodbridge now stands among this prestigious group of leading communities in our State. I look forward to sharing more news about our Bronze Certification and the new opportunities for grant funding that will become available to us as a result. Stay tuned. **Also, see important dates in box below.**

– First Selectman Beth Heller

Important Dates	• Nov. 5: Town Planning & Zoning Meeting at Beecher Road School-South Assembly, 7:30 pm (40 Beecher Road)
	• Nov. 6: Election Day—Please remember to vote at the Center Building gym, 6 am - 8 pm (4 Meetinghouse Lane)
	• Nov. 12: Veterans Day Ceremony at the Center Building gym, 11 am (4 Meetinghouse Lane)

Fall Safety Tips from the Fire Department

Fall brings the start of the heating season and often has families spending more time indoors. Not surprisingly, the potential for structure fires and carbon monoxide incidents increases. It is important to have working smoke detectors and carbon monoxide detectors properly installed in the correct places in your home.

Install smoke alarms outside each sleeping area and on every level of the home, including the basement. On levels without bedrooms, install alarms in the living room, den or family room and/or near the stairway to the upper level.

Families with children or elderly members should provide extra protection near their bedrooms. For multi-story homes, at least one carbon monoxide detector should be placed on each level. If the furnace is in the basement, place a CO detector there, as well.

Need a detector?

Smoke and carbon monoxide detectors are available at the Woodbridge Volunteer Fire Department (WVFD). Free to residents, the detectors are made available by Operation Save a Life which is sponsored by Kidde and The Home Depot. Additional detectors are provided by the WVFD. Call the Fire Marshal’s office (203) 389-3445 or stop by the Firehouse

Mon.-Fri., 8 am - 4 pm for more information or to pick up detectors while supplies last.

Furnace and Chimney Maintenance

Each year in the US, over 7,000 home fires are caused by furnaces. A well-maintained furnace or boiler has slim to no odds of causing a home fire. Be sure the furnace is working properly and efficiently by having it inspected and serviced by a licensed professional at least once a year, especially prior to heavy use.

Additionally, creosote, the black or brown residue of combustion that collects on the inner surfaces of a chimney flue liner, is highly flammable. If allowed to build up, it can catch fire, causing

cracks in "fireproof" brick, stone or clay flue liners and allow heat to reach nearby wood framing and other combustible materials in the home. A dirty chimney is the cause of many house fires each year. For more information on finding a reputable chimney sweep visit the State of Connecticut’s Dept. of Consumer Protection site at <http://bit.ly/ChimneySweepInfo>.

Stay fire safe this fall. For more information and safety tips, please visit WoodbridgeFire.com and follow us at [Facebook.com/WoodbridgeFire](https://www.facebook.com/WoodbridgeFire).

Friends of the Library Seek Mini Golf Sponsors

The Friends of the Woodbridge Library's next Mini Golf Fund-raiser will be March 8 and 9, 2019. Many sponsors from last year will be returning, but there is room for a few more! The adult "Par Tee" takes place Friday night, once the Library is closed. Appetizers, beer and wine will be served at the "Nineteenth Hole" in the Library's Meeting Room. All day Saturday is "Fore Families".

Sponsorship (\$250 per hole) is an opportunity to support the Library while memorably showcasing your business. Sponsors are invited to promote their business with advertising posters and business cards; popular items last year were sturdy shopping bags and Pop Sockets for cell phones with company logos. At other libraries, food sponsors have given cookies or coupons and obstacles used on the Mini Golf course included a bank using bags of play money and large plastic teeth set up by a dentist.

The Friends also are seeking a sponsor for a photo booth and local food and beverage sponsors for our Adult Night. Sponsors' names will appear on all publicity including the game scorecards. The Friends will help sponsors design holes to best promote the businesses.

If interested, please contact the Friends for details at 203-389-3493 or WoodbridgetFriends@gmail.com.
