## Concerts on the Green and More This Summer

As we head into the summer months, I'd like to remind everyone about our wonderful *Summer Concerts on the Green* series which will take place every Tuesday evening from 6-8 pm throughout July. For the lineup of performers, turn to Recreation News on page 7. All rain dates will be Wednesday of the same week.

In addition, we will have *Tuesday Outdoor Movie Nights* at sunset beginning in August. (See Library News on page 4 for film titles.) Just prior to the Tuesday, August 6th movie there will also be a picnic on the Town Green, designed to encourage neighbors to meet each other. These concerts and movies are always delightful events and a nice way to unwind and relax, visit with neighbors and friends, and enjoy the summer breeze. I hope to see you there!

### Newly Planted Trees

While visiting our Town Center Campus for these summer events, I hope you will have an opportunity to see our beautification efforts "taking bloom" — the plantings in Arden's Garden, at the entry to the Green, have now been joined by two new trees that have been donated to honor the legacy of a pair of Woodbridge residents. These two tree donations are part of our Bench and Tree Donation Program — details on how you may also participate are available at our website: [WoodbridgeCT.org](http://WoodbridgeCT.org).

In addition, the first five trees planned for the Center Road border of the Fitzgerald Tract have also been planted — many thanks to our Parks Department and foreman Adam Parsons for their work to improve the look of this parcel that is such a frequently visited area in the center of our Town.

### Transfer Station Changes

At our June meeting, the Board of Selectmen acted to set the rate per ton for disposal of solid waste by commercial

haulers only. There will be no charges for disposal of recycling (visit the website [RecycleCT.com](http://RecycleCT.com) to review State recycling requirements for all households, whether utilizing a commercial service or not).

Haulers will be weighed on the scale that was recently installed at the Transfer Station. Residents who utilize the Transfer Station **will not be charged** for solid waste or recycling, and will not be required to utilize the scale at this time.

Wishing everyone a safe and wonderful summer. As always, my door at Town Hall remains open. Please feel free to visit or call me with any questions or concerns you may have. I always enjoy hearing from residents.

- First Selectman Beth Heller

## Grilling Safety Tips

It's that time of year again! The Woodbridge Fire Department urges all residents to follow the grilling safety tips below to ensure a safe summer barbecue season.

- Only use propane and charcoal grills outdoors.
- Operate grills away from your house, trees and deck railing.
- Keep children and pets at a safe distance away from hot grills.
- Remove grease buildup from grill racks and trays to maintain a clean, grease-free grill.
- Start a gas grill with the lid open! Lighting your grill with a closed lid can cause a dangerous buildup of gas.
- Never leave a grill unattended.
- Check propane grills for leaks with a soapy water solution.
- Use only charcoal starter fluid with charcoal grills.

- Never add charcoal fluid or other flammable liquid to the flame.
- When finished using the charcoal grill, let coals cool completely before disposing of them in a metal container away from structures.

Stay fire safe this summer. For more information and safety tips, please visit [WoodbridgeFire.com](http://WoodbridgeFire.com) and follow us at: [Facebook.com/WoodbridgeFire](https://www.facebook.com/WoodbridgeFire).

## Web Company Moves to Woodbridge

Harris Web Works recently moved to 245 Amity Road from the New Haven coworking space Agora (formerly The Grove). Harris Web Works focuses on building ecommerce systems for businesses, particularly business to business ecommerce. The company is a certified agency partner in Magento, an ecommerce platform owned by Adobe.

Owner Matt Harris started his first business as a consultant in New York City. After the dot-com bubble burst and after the 9/11 terrorist attacks, he and his wife left the city and moved back to the Midwest. When he and his family decided to return to the East Coast, he chose New Haven from a MetroNorth map — he wanted to be close, but not too

close, to New York City. In New Haven he started working from his home, and in 2012 his business was strong enough to rent office space.

As the business grew he hired more employees. Eventually Harris Web Works was one of the largest businesses at the downtown coworking space. "We love Agora and downtown, but it started to seem like, as a business, we were ready to have our own space," he said.

Harris had recently moved to Woodbridge (the strong school system played a big role in the decision) and realized the town was an ideal location: Proximity to Route 15 and the Valley give them easy access to clients. You’ll complete your own work of art in an evening and get to take it home afterwards! Snacks and refreshments will be served, including wine for those over 21 years old. Each workshop starts at 6:30 pm, and features a different theme. The series includes:

**July 17:** The Starry Night (tying in with our summer reading theme)
