Upon tree inspection at the site on Luciani Rd we noticed a few issues that need to be addressed. The large oak tree on the right side of the building lot on the embankment, which is leaning towards 115 Luciani Rd, should be removed. Property lines are not definitive to me, so this tree may not be on the lot owners' property. There is also a Poplar and small dead Ash tree on the right front corner of the lot that should also be removed. All 3 of these trees pose large risk to falling due to their declining and compromised state.
